SCIENCE & TECHNOLOGY

Indigenously-Developed Light Combat Helicopters

- Defence Minister Rajnath Singh formally inducted the indigenously-developed Light Combat Helicopters (LCH) in the Indian Air Force at Jodhpur in Rajasthan.
- LCH would be inducted into the 143 Helicopter Unit. LCH has been named as 'Prachanda'.
- LCH has been developed by Hindustan Aeronautics Ltd (HAL). It is a state-of-the-art modern

combat helicopter, primarily designed for deployment in high-altitude regions.

- LCH is the only attack helicopter in the world which can land and take-off at an altitude of 5,000 m with a considerable load of weapons and fuel.
- LCH can perform a range of roles, including combat search and rescue, destruction of enemy air defence and counter-insurgency operations.

IMPORTANT DAYS

World Habitat Day

- World Habitat Day is celebrated every year on 03 October.
- The day came into existence with a resolution by the UN General Assembly in 1985. The United Nations observes the first Monday of October as World Habitat Day.
- The theme for the year 2022 is 'Mind the Gap. Leave No One and No Place Behind'.
- The focus of the theme is on the growing inequalities and challenges in cities and human settlements.
- The day calls to reflect on our towns, cities, and the basic right of all to have adequate shelter. It serves as a reminder that we can shape the future of the place we live in.
