### **NATIONAL NEWS**

#### **National Conference on Energy Transition in India**

- Union Minister for Power and New and Renewable Energy Shri R.K. Singh inaugurated a two-day National Conference on "Energy Transition in India - Road Travelled and Opportunities Ahead" in Gandhinagar.
- Organized as a part of the upcoming Vibrant Gujarat Global Summit 2024, the event is being attended by more than 250 Indian and foreign representatives of power and renewable energy sector.
- The two-day conference will focus on scaling up renewable energy, generation and consumption by considering challenges related to grid integration, financing tools and developing supporting infrastructure.
- The main objective of this conference is to move forward with an ambitious vision of promoting clean energy and facilitating the energy transition.
- India is committed to reducing the emission intensity of its GDP by 45 percent by 2030 compare to 2005 level.
- Gujarat is also the first state in the country to issue policies on renewable energy providing incentives for the development of renewable energy.

#### **Uttar Pradesh Government Signs MoU with CSIR and DRDO**

- Uttar Pradesh is focusing on connecting the proposed Bulk Drugs Park in Lalitpur with technology along with research and innovation to provide high-quality and affordable medicines and medical devices.
- The Uttar Pradesh government has given approval for the establishment of the state's first Pharma Park in Lalitpur district, located in Bundelkhand.
- For this, the government has linked big institutions of the Government of India like the Council of Scientific and Industrial Research (CSIR) and Defense Research and Development Organization (DRDO) with the Bulk Drug Park and made them its knowledge partners.
- The Bulk Drugs Park in Lalitpur is being developed according to international standards, aligning with Chief Minister Yogi's vision.
- The government has allocated a budget of Rs 1560 crore for the development and provision of necessary facilities to investors in Lalitpur Pharma Park.

## ADB Approves \$500 Million Loan to Maharashtra

- The Asian Development Bank (ADB) has approved a loan package worth USD 500 million to improve access to quality and affordable tertiary health care and medical education in Maharashtra, India.
- ADB has been working with the state government of Maharashtra to achieve its vision of providing affordable and accessible tertiary health care to all by 2030 and strengthening quality and professional medical practitioners.

- The programme will initiate pivotal policy reforms to bolster tertiary healthcare services and expand medical education, particularly in underserved regions.
- The Maharashtra Tertiary Care and Medical Education Sector Development Programme, financed by the ADB loan, aims to construct 4 new medical colleges with tertiary care hospitals, which will include features that are resilient to climate and disasters, gender-sensitive, and socially inclusive.
- The programme also plans to augment bed capacity in state hospitals and recruit at least 500 doctors for these new institutions.

## **ADB Commits USD 170 Million to Transform Kochi's Water Landscape**

- The Asian Development Bank (ADB) has approved a significant loan of USD 170 million for the modernization of water supply services in Kochi, Kerala.
- Objective of the loan is to modernize water supply services, elevate urban living standards, ensure access to clean water, and enhance climate resilience in Kochi.
- The project will rehabilitate and upgrade five existing water treatment plants that have a cumulative production capacity of 325 million litres per day (MLD), as well as build a new plant with 190 MLD capacity.
- To reduce loss of treated water during distribution, around 700 kilometres of pipes will be replaced and a real-time monitoring system will be introduced.
- About 146,000 water metres will be replaced with high-quality and reliable metres.
- The project will also improve the capacity of the service provider, including through training to improve female employment in the construction, operation, and maintenance of water supply systems.

## **RANKS, INDICES & REPORTS**

### **World Digital Competitiveness Ranking-2023**

- India has been ranked 49th out of 64 economies in the World Digital Competitiveness Ranking (WDCR) released by the International Institute for Management Development (IMD).
- According to IMD's study, India has made significant in terms of cybersecurity knowledge but lacks on fronts like technology and future preparedness.
- The United States has topped in the report.
- The Netherlands took second place in the ranking, while Singapore, the leader in the technology factor, took third place.
- The WDCR is a comprehensive assessment that provides insight into how nations are navigating

the digital landscape amid the rise of artificial intelligence (AI).

- The ranking, prepared by the IMD World Competitiveness Centre, measures the capacity and readiness of all 64 countries to adopt and explore digital technologies as a key driver for economic transformation in business, government and broader society.

## SPORTS
