#### **United States President Donald Trump Signs Order to Leave UNHCR**

United States President Donald Trump signed an executive order to withdraw the United States from the United Nations Human Rights Council (UNHRC), citing unethical practices by certain "outlier" countries within the UN.

He criticized the disproportionate financial burden on the U.S., stating that other nations exploit the UN system for their self-interest.

The executive order also halts U.S. funding for the United Nations Relief and Works Agency

(UNRWA), the primary UN body providing aid to Palestinian refugees.

The decision follows the Biden administration's suspension of UNRWA funding after reports emerged alleging staff involvement in the October 7 Hamas attack on Israel.

A day after US President Donald Trump announced America's withdrawal from the United Nations Human Rights Council (UNHRC), Israel's Minister of Foreign Affairs, Gideon Sa'ar, has stated that Israel would also join the US in its decision not to participate in the UNHRC.

The UNHRC, a 47-member body, meets annually in Geneva, Switzerland, to address global human rights issues.

Established in 2006, it serves as a platform for discussions among UN officials, member states, and experts.

### **IBBI Proposes 'Mini Group Insolvency' To Streamline Resolution Of Interconnected Entities**

The Insolvency and Bankruptcy Board of India (IBBI) has proposed a mechanism to improve the Corporate Insolvency Resolution Process (CIRP) for interconnected entities.

Currently, the lack of a structured approach for handling multiple related entities undergoing CIRP simultaneously leads to inefficiencies, increased costs, and conflicts.

The IBBI's discussion paper proposes several amendments, including:

Joint hearings: For related entities undergoing CIRP.

Appointment of a common resolution professional: To oversee the CIRP of interconnected entities.

Information-sharing protocols: To facilitate better coordination and transparency.

Coordinated timelines: To streamline the process and improve efficiency.

This initiative is seen as a "mini group insolvency" mechanism, paving the way for a more comprehensive group insolvency framework under the Insolvency and Bankruptcy Code (IBC).

## **Ujjivan Small Finance Bank Seeks RBI Approval for Universal Banking License**

Ujjivan Small Finance Bank (SFB) has applied to the Reserve Bank of India (RBI) for a universal bank license.

This move aims to broaden the financial services Ujjivan can offer its customers.

The RBI has recently established a committee, headed by former Deputy Governor MK Jain, to evaluate such applications.

The RBI's "Guidelines for 'on-tap' Licensing of SFBs in Private Sector" outlines the criteria for SFBs transitioning to universal banks.

Key requirements:

A minimum net worth of ₹1,000 crore.

Scheduled status and a satisfactory performance record for at least five years.

Listing on a recognized stock exchange (all SFBs except North East Small Finance Bank are currently listed).

Net profits in the previous two financial years.

Gross Non-Performing Assets (GNPA) of less than or equal to 3% and Net Non-Performing Assets (NNPA) of less than or equal to 1% in the last two financial years.

No new lock-in period for promoter shareholding is mandated.

## **RBI Forms Working Group To Review Trading And Settlement Timings Of Regulated Markets**

The Reserve Bank of India (RBI) has formed a working group led by Executive Director Radha Shyam Ratho to review trading and settlement timings of financial markets regulated by the RBI, with a report due by April 30, 2025.

The review aims to synchronize market and settlement timings for efficient price discovery and liquidity management, considering technological advancements such as increased electronification of trading, 24×5 forex and derivatives markets, and 24×7 payment systems.

India's financial markets currently operate between 9 AM and 5 PM, and the group will assess the impact of these timings on price transmission, liquidity, volatility, and trade distribution.

The working group will analyze cross-country market timings to understand their influence on market development and participation, while identifying potential benefits, costs, and challenges of revising current trading and settlement hours.

The final recommendations are expected to enhance market efficiency, reduce settlement risks, and make Indian financial markets more robust and globally competitive.

## **RBI Introduces Exclusive "bank.in" Domain**

The Reserve Bank of India (RBI) launches an exclusive internet domain 'bank.in' for registered banks to enhance cybersecurity and prevent phishing scams.

Registration for 'bank.in' starts in April 2025.

RBI plans to introduce another dedicated domain, 'fin.in', to secure the broader financial sector.

'Bank.in' will help mitigate risks of fraudulent banking websites that exploit public trust.

RBI to extend Additional Factor of Authentication (AFA) for international digital payments to offshore merchants supporting this feature, adding an extra layer of security.

Cybersecurity measures align with RBI's broader strategy to combat AI-driven frauds, deepfake scams, and advanced malware attacks.
