NATIONAL NEWS

Ministry of Railways Launched Amrit Bharat Station Scheme

- The Ministry of Railways has launched the Amrit Bharat Station Scheme for the development of stations on Indian Railways.
- So far, 1309 Stations as appended have been identified for development under this scheme.
- The Ministry of Railways also envisages exploration of various models for the development and maintenance of railway stations including Engineering, Procurement and Construction (EPC), non-EPC modes and a minuscule number of stations under Public Private Partnership (PPP) mode.
- Further, the development and upgradation of Railway Stations is complex in nature involving safety of passengers and trains.
- It requires various statutory clearances such as fire clearance, heritage, tree cutting, airport clearance etc.

Ministry of Textiles to host 'One Bharat Sari Walkathon' in Mumbai

- The Ministry of Textiles will organize the country's largest ever 'One Bharat Sari Walkathon' in India's financial capital, Mumbai.
- The event aims to promote the handloom sari culture in India by inviting participation of women across the country to showcase their ways of wearing saris and thus present India as a country of "Unity in Diversity".
- It will also promote the spirit of traditional textile and support the idea of "Vocal for Local" and will raise awareness about fitness among women and to encourage them lead healthier lives.
- In this celebration of cultural diversity and empowerment, enthusiastic participation of more than 5000 women including leading professionals, women from the music industry and many more are set to join the event adorned in their distinctive traditional attire.
- Previously, the Sari Walkathon was organized in Surat.

The Hump WWII Museum

- Arunachal Pradesh Chief Minister (CM) Pema Khandu and US Ambassador to India Eric Garcetti inaugurated 'The Hump WWII Museum', the 2nd museum in Asia dedicated to the fallen airmen of

the Allied Forces during the WWII at Pasighat in Arunachal Pradesh.

- The pilots of the Allied Forces nicknamed the air-route from airfields in Assam to those in Yunnan in China 'The Hump' because their aircraft had to navigate deep gorges and then quickly fly over mountains rising beyond 10,000 feet.
- In 2016-17, the US Defense POW/MIA Accounting Agency (DPAA) had deployed a team for 30 days in search of remains of unaccounted-for US airmen.
- There are approximately 400 US airmen missing in India, most of whose remains are believed to be located in the Himalayan mountains in the North East, particularly in Arunachal Pradesh.

INTERNATIONAL NEWS

Sri Lanka Secures Debt Treatment Agreement

- Sri Lanka has achieved an "agreement in principle" with India and the Paris Club group of creditors on a debt treatment plan.
- The Agreement facilitates Sri Lanka's access to the next installment of the International Monetary Fund's (IMF) nearly \$3 billion recovery package.
- Sri Lanka and the Official Creditor Committee (OCC) reached an agreement on the main parameters of debt treatment.
- These parameters are consistent with those of the Extended Fund Facility (EFF) arrangement between Sri Lanka and the IMF.
- The OCC was formed by major lenders in May 2023 in response to Sri Lanka's request for debt treatment.
- It is co-chaired by India, Japan and France as chairs of the Paris Club.

UNICEF In Collaboration With India to Launch the "Green Rising"

- UNICEF's Generation Unlimited, in collaboration with India's Ministry of Environment, Forest, and Climate Change will unveil the "Green Rising" initiative at COP28 in Dubai.
- The global "Green Rising" initiative and the "Green Rising India Alliance" marks a collaborative effort involving UNICEF, Generation Unlimited, and a diverse network of public, private, and youth partners.
- The main goal is to mobilize millions of young people worldwide, encouraging their active participation in green initiatives addressing and adapting to the severe impacts of climate change on their communities.
- The "Green Rising" initiative focuses on engaging youth for impactful environmental actions at the

grassroots level, aligning with the global effort to address the severe impacts of climate change.

BANKING

Government of Madhya Pradesh and Asian Development Bank

- The Government of India and the Asian Development Bank (ADB) signed a \$175 million loan to improve connectivity and resilience of roads in the state of Madhya Pradesh.
- The loan agreement was signed by Juhi Mukherjee, Joint Secretary, Department of Economic Affairs, in the Ministry of Finance, for the Government of India, and Takeo Konishi, Country Director of ADB's India Resident Mission, for ADB.
- This project will enhance connectivity in the state road network in 14 districts to enable balanced economic development in Madhya Pradesh.
- In Madhya Pradesh, the ADB has supported the road development program since 2002 by upgrading more than 9,000 kilometres of state highways and major district roads.
- The project will convert about 500 km of state highways and major district roads into standard two-lane roads.
- These roads will include climate and disaster-resilient designs, innovative road safety elements, and features that cater to the needs of the elderly, women, children, and people with disabilities.
- ADB will build the capacity of Madhya Pradesh Road Development Corporation Limited (MPRDC) on climate change adaptation and mitigation, disaster resilience, and road safety in road network planning and management.

ADB Grants \$98 Million Loan to Horticulture Crop Farmers

- The Asian Development Bank (ADB) has approved a \$98 million loan to improve horticulture crop farmers' access to certified disease-free planting materials, which will boost their crops' yield, quality, and resilience to climate impacts.
- This project supports India's agricultural transformation.
- ADB's financing will support the Government of India's Atmanirbhar Clean Plant Program (CPP), which was announced in February 2023 to establish clean plant centers and a certification scheme that will ensure farmers can purchase disease-free planting materials from private nurseries.
- The project will establish at least 6 clean plant centers dedicated to maintaining disease-free foundation materials.
- These centers will feature laboratories equipped with cutting-edge diagnostic testing methods and will be staffed with experts who are trained in clean plant operating procedures and diagnostic testing protocols.

- The project will also develop regulatory frameworks for the CPP, in partnership with private nurseries and researchers.
- It will roll out a clean plant certification scheme, accrediting private nurseries, and testing and certifying their planting materials.
