Chhattisgarh Government Approves Committee to Draft UCC Framework

The Government of Chhattisgarh, led by Vishnu Deo Sai, approved the formation of a high-level committee to prepare a draft framework for implementation of the Uniform Civil Code (UCC) in the State.

The move places Chhattisgarh among States taking steps toward a common civil law framework.

The committee will: study the feasibility of implementing the Uniform Civil Code, prepare a draft framework and examine legal, social, and cultural implications.

The decision marks the initial policy-level step, not immediate implementation of the Uniform Civil Code.

The Uniform Civil Code aims to introduce common civil laws governing marriage, divorce, inheritance, and adoption for all citizens irrespective of religion.

The concept of the Uniform Civil Code is mentioned under Article 44 of the Constitution of India in the Directive Principles of State Policy (DPSP).

Directive Principles of State Policy (DPSP) are non-justiciable and implementation depends on legislative action by governments.

With this step, Chhattisgarh joins other States moving toward the Uniform Civil Code, including:

Uttarakhand, which has implemented the Uniform Civil Code,

Gujarat, where the Assembly has recently taken steps related to the Uniform Civil Code.

The initiative reflects a gradual approach toward legal uniformity in personal laws across citizens in line with constitutional guidance under Article 44.
