Iran ignores India, starts work on Chabahar-Zahedan railway project

- Iran dropped India from the significant Chabahar rail project citing that India shows irresponsible and **delayed funding** to this ambitious plan of India.
- Iran's Chabahar port is the only deep seaport and India's gateway to central Asia, which was inaugurated in **2017**.
- For this, India needed to develop better connectivity to the port - enter the Chabahar-Zahedan railway line, the 628-km-long track connecting the port to Zahedan.
- The roots for this rift between two countries comes from the US sanctions on Iran, which affected the **IRCON-Iranian Rail Ministry MoU** for the construction of the Chabahar-Zahedan rail project.
- Now china gained this situation against India by finalising a **\$400 billion strategic partnership** deal with Iran in favour of it.
